

Project Workbench

Insurance Product Team Collaboration.

Adaptify Project Workbench is the collaborative workspace where Product, Actuarial, Underwriting, Compliance, Legal, and Implementation teams design, review, and approve product changes.

What You Can Do.

01

Streamlined Stakeholder Workspace

Centralize comments, decisions, and reviews in one shared workspace.

02

Configurable Workflows for Teamwork.

Configure workflows by product, change type, and line-of-business.

03

Word-Native. No Learning Curve.

Work directly in Microsoft Word with built-in workflows and tracking.

04

All Answers At Your Fingertips.

Capture everything required for governance and audit readiness.

Key Benefits.

- Cut product development cycle time by eliminating coordination overhead.
- Reduce compliance risk with workflows that enforce milestones from initiation through filing.
- Give every team member role-appropriate access and tasks without chasing status updates.
- Generate complete product packages automatically from governed, approved content.
