

Rating Sandbox

Test, Simulate, and Decide, Before It Hits Your Book.

Adaptify Rating Sandbox transforms your rating engine into a strategic business tool. Run sensitivity analyses, simulate market scenarios, and benchmark your book against the competition; so your actuarial and business teams become proactive.

What You Can Do.

01

Simulate and Plan for Every Market Condition.

Run what-if analyses for new coverages, pricing, and regulatory scenarios.

02

Book-of-Business Analysis.

Benchmark premiums and loss ratios across segments and territories.

03

Stress Test for Resilience.

Model adverse scenarios to evaluate pricing impact and business resilience.

Key Benefits.

- Reduce pricing risk with scenario testing that mirrors your production rating logic exactly.
- Empower actuarial and business leaders with a self-serve sandbox without IT dependency.
- Accelerate rate filings by validating assumptions and impacts before package assembly.
- Make proactive, data-driven decisions with executive-ready outputs built for leadership review.
